Full stack web developer leveraging a strong hospitality background to deliver user friendly web applications. Over 3 years experience writing HTML & CSS and seeking to continually build my knowledge of web applications by completing a rigorous 24-week Full Stack coding bootcamp through UPenn. Skilled in Javascript, APIs, React, Node.js, HTML, & CSS as well as in team-based communications. Adept at learning new skills independently, but also someone who thrives on collaborative development in a team environment.

## TECHNICAL SKILLS

**Frontend:** React, JavaScript ES6, jQuery, AJAX, JSON, REST APIs, CSS, Bootstrap, HTML

**Backend:** Asynchronous Programming, MySQL, MongoDB, GraphQL, NPM, Node.js

**Version Control:** Git, GitHub

**Software Development:** Agile Development, Unit Testing, DevTools

**Digital Marketing:** SEO, Google Analytics

## PROFESSIONAL EXPERIENCE
